Data source

Give the name(s) and storage location(s)/directory of the associated file(s) from which THIS file is created; If this is the original (most upstream) dataset, put "original data" here and indicate it is from a data purchase (name of organization or website) or download (website)

Data storage:

The location / directory and name of the file that is saved. Include 1) extension such as .txt and .xlsx; and 2) file format such as Excel, CSV, Access database, geodatabase.

Sensor information (for RS data only):

Sensor:
Spatial Resolution: | **% cloud coverage:**
Collection date: | **Collection time:**

Data collected by:

List those who actually carried out the data collection, and the names of any collaborating institutions that might have assisted.

Data prepared by:

List those who worked on the data

Geographic area covered:

Describe the path/row information and geographic area in words ("142/41, Chitwan Valley, southern Nepal"), and give the approximate geographic coordinates in WGS84 or lattitude and longitude.

Time period in which data was collected:

When was the data collected (e.g., the dataset was offered, purchased or downloaded)?

Processing applied to imagery

Describe any processing applied to the imagery (orthorectification, normalization, atmospheric correction, calculation of vegetation indices, etc.). If raw imagery, indicate radinace, top of atmosphere reflectance, or surface reflectance, and the source of the imagery (where to download, like "USGS Earth Explorer" etc.). Note the software and version that was used to do the processing. If possible, provide copies of both the original imagery (as received from the data provider) and the final processed product. Describe here where each is located (for example: "Originals are located in the folder ORIGINALS, and final product is Chitwan_NDVI.img").

Public use or restricted use:

Are there any restrictions on public dissemination of the data (such as privacy concerns, IRB restrictions, or data provider licensing restrictions)?

Recent updates

Give any information about who has performed what update(s) and when.
